### 3 Signing Up Students:

#### • Basic Information:

- Adult vs. Kid Memberships and Classes
  - Memberships and classes use different definitions of adults/kids, to make classes as affordable as possible for families/friends.
  - Membership definitions:
    - Adults are students 14 years old and older
    - Kids are students 13 years old or younger
  - Class definitions:
    - The adult class and kids class (“Sea Samurai”) are divided based on individual performance and retention of curriculum. Students can join adult class at younger ages if they are able to keep up, and students can stay in the kids class until they are comfortable/able to move up.
- Number of Students and Add an Additional Day
  - Students can attend classes either once per week, or twice per week.
  - Put the total number of students attending under “Number of Adults” or “Number of Kids” - this reflects students attending once per week.
  - If students want to attend twice per week, put the number of students who will be attending twice per week under “Add a Second Day”
  - Example – for one adult attending with two children, with one child attending twice per week and the adult and other child attending once per week:
    - Number of Adults = 1
    - Adult - Add a Second Day = 0
    - Number of Kids = 2
    - Kids - Add a Second Day = 1
- Textboxes (“Additional Adult/Jrs” or “Additional Kids”)
  - Since only the name and contact information for the payee is included, these textboxes are for you to include the name, age, and contact info for students who are not the payee.
  - Example:
    - Additional Kids = “Mira (age 7), Zoey (age 14)  
zoey@email.com”

Number of Adults (14 & Up)
Adult - Add a Second Day Add the number of people you want to attend an extra day during the week. \$35 each

Additional Adults/Jrs. PLEASE LIST ADDITIONAL STUDENTS NAMES, AGES, AND IF APPROPRIATE, CELL & EMAIL - EACH STUDENT ON SEPARATE LINES
